Saginaw Valley State University: Introduction to Drawing

Technical Skills

- Windows xp-7; MacIntosh OS X
- Microsoft Office 2010 (Word, PowerPoint, Excel)
- Adobe CS5 (Photoshop, Dreamweaver)
- Webdesign ([X]HTML, CSS, JQuery)

Selected Projects

Web and Graphic Designer Portfolio, Personal use and experience, Mar. 2010 - Present

- This current project is exploring minimalistic and eye-catching design through the use of subtle, soft color, welcoming styling, and light graphics. This is a personal project, which is intended for future use to showcase my best works, and attract web design clientele. 1 page and 1 logo concept were produced in Adobe Photoshop CS4 and 1 page and all functions were produced in Adobe Dreamweaver CS4 with hand-coding.

Logo Concept, Personal use and experience, Spring 2010

- This 4-week project explored logo design strategy, typography, color schemes, and personal identity. This is a personal project, which is intended for future use of identity, to allow potential clients to know who I am through a single graphic. 1 logo concept, and 3 final mock-ups were produced in Adobe Photoshop CS4 and 1 final logo was integrated into my personal portfolio design/website in Adobe Photoshop CS4 and Adobe Dreamweaver CS4.

Work Experience

Web Designer, Tim Lawrence (Architectural Designer) – via the internet (Mar. 2010 – Apr. 2010)

- Utilized Adobe Photoshop CS4 to create a 5 page, simplistic portfolio with a color scheme consisting of soft dark grays accented with white, and a bold golden yellow to produce a eye-catching appearance.
- Logically structured content such as text and pictures, uniquely for each individual page, to maximize user-friendliness, and the overall appearance.
- Designed and integrated a straight-forward and clear logo through a minimalistic design and matching color scheme.
